

LEGAL DESCRIPTIONS

At Herrick & Salsbury, Inc. we have experience writing many types of legal descriptions, the most common being property descriptions, rights of way, view easements, and conservation easements.

Our work is found throughout the registry of deeds and has served thousands of clients with title transfers over the years.

Legal descriptions include information on:

- Location
- Point of beginning
- Courses and distances
- Monuments and adjoiners
- Area
- Easements benefitting or burdening the property
- Title source

“Herrick & Salsbury, Inc. worked on our Franklin and Sanford sites. The team provided everything we asked for in a professional manner. I would recommend them without hesitation.”
